

Automatic Payroll Deduction Program

The APD Program allows you to:

- Review participating vendor product and service information at your worksite on non-work time.
- Select optional insurance coverage not provided by the State under your current employee benefit package.
- Pay for optional insurance benefits through payroll deduction from your after tax take home pay.

The State of Iowa does not endorse or sponsor any vendor, or the products and services they provide, it does allow the premiums for insurance policies, not offered by the State of Iowa, to be paid through payroll deduction as a post tax deduction. Payroll deduction is a simple and easy way to pay your insurance premiums. Any resulting coverage an employee may decide to purchase will be based on a contract between the employee and the participating APD vendor. The State as the employer is not part of the insurance relationship. Any questions or issues that may arise with regard to a chosen policy should be directed to the participating APD vendor. A vendor can participate by meeting the requirements of the APD program but not be offered as a payroll deduction option if enrollment does not meet the mandated threshold. Current participating vendors are listed below. **Only those highlighted in yellow are offered as a payroll deduction option at this time.**
